OWIC LIGHT PICTURE

A vintage Harman-Kardon Citation V power amplifier. The device is a light-colored, rectangular metal chassis with a slanted front face. On top of the chassis, eight vacuum tubes are visible, arranged in a row. The tubes vary in size and shape, with some having distinctive markings like 'Westinghouse' and 'ELECTRON'. The front panel features the model name 'CITATION V' in a stylized font, followed by 'STEREOPHONIC HIGH FIDELITY POWER AMPLIFIER' in a typewriter-style font. In the bottom right corner, the 'harman kardon' logo is displayed in a black box.
