

ADDENDUM

(RSP-1098,RSX-1067,RSP-1068,RSX-1056)

The Menu in this model has been changed to incorporate the following items.
Please review this sheet for a full explanation of the revised features.

1. The Dolby Pro Logic (or PLIIx) mode and Dolby Game mode are now available.
2. The "FACTORY DEFAULT", "SET USER DEFAULT", "SET NEW PASSWORD" will appear to confirm each corresponding setting.
3. The "TFT SCREEN" setting menu is available. (RSP-1098 only)

NOTE: Dolby Pro Logic (or PLIIx) is Dolby original surround mode, and Dolby Game mode is same as Dolby PLII(x) Cinema mode, except the bass management is enhanced to fully capture the impact of special effects to the surround channels.

* Dolby is a trademark of Dolby Laboratories.
